Experience and knowledge gained from growing up around an electrical distributorship and working eight years in distributor sales led Joe Bertsch, Sr. to form Joe

Bertsch Electrical Sales Company in 1969. Starting the business with three lines, he covered the two state territory as a one man show. From those lean days, the agency has grown, representing several leading manufacturers.

Headquartered in Cedar Rapids, IA with offices in Des Moines, IA, Omaha, and Lincoln, NE, we service Nebraska, Iowa and Rock Island County of Illinois. We are a fully computerized (with on-line capabilities) non-warehousing manufacturer's representative.

Are association affiliations include NEMRA, NEMRA Computer Users Group and BICSI.

Merchants Bonding Company was founded in 1933 in Des Moines, Iowa. We specialize only in the writing of surety bonds. Merchants is licensed in 50 states and we maintain fully staffed underwriting offices in Austin, Texas

and our home office in Des Moines. Business is written \$500,000 through independent insurance agencies representing our company. The company's record is one of steady growth while

maintaining a loss ratio far better than the industry average.

Approximately 80% of our premium volume is from contract surety. Merchants has a bonding capacity of \$15 million per contract and we can write much larger bonds

through our associated companies.

The Trane Company is a worldwide leading supplier of indoor comfort systems, with current annual sales approaching \$4 billion. Its products include modern, efficient equipment for residential, commercial, institutional, industrial and process applications. Trane is one of the four businesses of the American Standard Companies.

Known for world class quality, Trane provides reliable equipment and controls needed for today's air conditioning systems. In addition, Trane offers assistance with start-up, service and global training of the customer.

In Trane factories, Demand Flow Manufacturing* techniques are used to assure the integrity and efficiency of production and on-time shipments.

A true global company, Trane has offices, service operations, joint ventures and manufacturing facilities around the world. All are networked to provide uniform local support capabilities such as engineering expertise, application assistance, service and parts. In addition, Trane offices offer the benefits that come with a working knowledge of local business practices, building codes, languages and currencies.

Est. in 1994, Resource Services is a full-service
mechanical contractor that strives to offer the best
solutions for any building mechanical need for
commercial and industrial applications. President,
Dennis Sult, has over 30 years of HVACR industry
experience. Resource Services' dedicated and
industrious team of technicians and staff is our most

valuable asset. Resource Services does not believe in
telephone answering machines that waste your valuable
time. One of Resource Services' staff will always answer
our telephone 24-hours a day, every day of the year.
Resource Services believes our customers, suppliers,
and colleagues should receive and deserve direct contact
by a knowledgeable staff member. Our primary goal is to
acquire and maintain long-term, loyal, satisfied
customers by earning their business.

www.proctor-mech.com
Contractor \$10 mil. to \$20 mil.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in the following areas: plumbing, heating, air conditioning, ventilation, and process and specialty piping.

By designing and building the project Proctor Mechanical has a better idea of what the project entails

which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping,

heating piping, HVAC systems, piping, sheet metal, controls, and extranets.

Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time

playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and

password. There you can access reports for quick review or print.

Des Moines Plumbing and Heating is a service division of Proctor Mechanical that provides the following

services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

Our company has 6 employees and was started in '03. We have 2 master, 3 journeyman and 3 apprentice plumbers. We have experience ranging from light residential work to large commercial projects. We also contract to manage projects from other mechanical companies throughout the state to increase their projects efficiency and productivity. Foremans training: Matt has had 11 years experience and Chad has had 16 years. Matt graduated from ABC and has his 10 hr osha certificate. Chad has his BS degree from ISU. Chad is certified Advanced Backflow preventer. Certified radiant heat specialist, certified water quality tester and does cross contamination survey training. Apprentices: They are trained in an environment of safety and process improvement and are urged to continue their education to better themselves. They have been enrolled in Code classes for continuing their education. They attend new product education class as they come available.

Contractor \$10 mil. to \$20 mil.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in

ventilation, and process and specialty piping.

By designing and building the project Proctor Mechanical has a better idea of what the project entails which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping, heating piping, HVAC systems, piping, sheet metal, controls, and extranets.

Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and password. There you can access reports for quick review or print.

Des Moines Plumbing and Heating is a service division

of Proctor Mechanical that provides the following services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

Contractor \$20 mil. to \$50 mil.

Carl A. Nelson & Company, established in 1913, handles capital projects up to \$35 million using design-build, general contracting or construction management delivery methods. Carl A. Nelson & Company is licensed to work across the United States and Canada. We focus on both healthcare projects and industrial projects. The majority

of our industrial projects deal with food processing or focuses on rural or critical access hospitals and clinics

Please see our website for examples.
www.carlanelsonco.com

Carl A Nelson & Company founded Nelson Plant Services in 2002. Nelson Plant Services focus is on our industrial clients' smaller projects (\$10,000-\$300,000) and routine maintenance. The crews consist of millwright technicians, pump mechanics, welders and industrial maintenance mechanics. Nelson Plant Services specializes preventative maintenance, pump & conveyor repair and capital improvements. Nelson Plant crews have an expertise in maintaining and repairing drags conveyors, screw conveyors, belt conveyors and bucket elevators, as well as, maintaining and repairing pump and other major production equipment. Some examples of capital improvement projects include the construction of scales, building additions and reorganizing production lines by relocating or installing new equipment and systems.

Contractor \$20 mil. to \$50 mil.
Carl A. Nelson & Company, established in 1913, handles capital projects up to \$35 million using design-build, general contracting or construction management delivery general contracting or construction management delivery methods. Carl A. Nelson & Company is licensed to

across the United States and Canada. We focus on both healthcare projects and industrial projects. The majority of our industrial projects deal with food processing or agriculture industrial plants. Our healthcare experience focuses on rural or critical access hospitals and clinics. Please see our website for examples.
www.carlanelsonco.com
Carl A Nelson & Company founded Nelson Plant Services in 2002. Nelson Plant Services focus is on our industrial clients' smaller projects(\$10,000-\$300,000) and routine maintenance. The crews consist of

technicians, pump mechanics, welders and industrial maintenance mechanics. Nelson Plant Services specializes preventative maintenance, pump & conveyor repair and capital improvements. Nelson Plant crews have an expertise in maintaining and repairing drags conveyors, screw conveyors, belt conveyors and bucket elevators, as well as, maintaining and repairing pump and other major production equipment. Some examples of capital improvement projects include the construction of scales, building additions and reorganizing production lines by relocating or installing new equipment and systems.
