Hydronic Energy, Inc. is a manufacturers representative serving the hydronic heating and piping markets in Iowa, Nebraska, and Western Illinois. The companies represented by Hydronic manufacture items such as pumps, heat exchangers, tanks, water heaters, boilers, cooling towers, coils, flow control valves, acid waste pipe and fittings, pre-insulated piping systems, radiant floor heat, and various accessory items. These products are distributed to mechanical contractors, universities, school districts, industrial businesses, process users, and plumbing-heating wholesalers. We work closely on new design projects with consulting mechanical engineers, architect-engineering firms, and university and school maintenance departments, as well as with industrial users on new construction and remodeling.

Experience and knowledge gained from growing up
around an electrical distributorship and working eight
years in distributor sales led Joe Bertsch, Sr. to form Joe
Bertsch Electrical Sales Company in 1969. Starting the
business with three lines, he covered the two state
territory as a one man show. From those lean days, the
agency has grown, representing several leading
manufacturers.

Headquartered in Cedar Rapids, IA with offices in Des
Moines, IA, Omaha, and Lincoln, NE, we service
Nebraska, Iowa and Rock Island County of Illinois. We
are a fully computerized (with on-line capabilities) non-
warehousing manufacturer's representative.

Are association affiliations include NEMRA, NEMRA
Computer Users Group and BICSI.

Merchants Bonding Company was founded in 1933 in

Des Moines, Iowa. We specialize only in the writing of surety bonds. Merchants is licensed in 50 states and we 262-9511

maintain fully staffed underwriting offices in Austin, Texas and our home office in Des Moines. Business is written through independent insurance agencies representing our company.

The company's record is one of steady growth while

maintaining a loss ratio far better than the industry average. Approximately 80% of our premium volume is from

contract surety. Merchants has a bonding capacity of \$15 million per contract and we can write much larger bonds

through our associated companies.

Contractor \$20 mil. to \$50 mil.

Carl A. Nelson & Company, established in 1913, handles capital projects up to \$35 million using design-build, general contracting or construction management delivery methods. Carl A. Nelson & Company is licensed to work

across the United States and Canada. We focus on both healthcare projects and industrial projects. The majority of our industrial projects deal with food processing or agriculture industrial plants. Our healthcare experience

focuses on rural or critical access hospitals and clinics. Please see our website for examples.
www.carlanelsonco.com

Carl A Nelson & Company founded Nelson Plant Services in 2002. Nelson Plant Services focus is on our industrial clients' smaller projects(\$10,000-\$300,000) and routine maintenance. The crews consist of millwright

technicians, pump mechanics, welders and industrial maintenance mechanics. Nelson Plant Services specializes preventative maintenance, pump & conveyor repair and capital improvements. Nelson Plant crews

have an expertise in maintaining and repairing drags conveyors, screw conveyors, belt conveyors and bucket elevators, as well as, maintaining and repairing pump and other major production equipment. Some examples of capital improvement projects include the construction of scales, building additions and reorganizing production lines by relocating or installing new equipment and

systems.

Contractor \$20 mil. to \$50 mil.
Carl A. Nelson & Company, established in 1913, handles
capital projects up to \$35 million using design-build,
general contracting or construction management delivery
methods. Carl A. Nelson & Company is licensed to

across the United States and Canada. We focus on both
healthcare projects and industrial projects The majority

agriculture industrial plants. Our healthcare experience
focuses on rural or critical access hospitals and clinics
Please see our website for examples.
www.carlnelsonco.com
Carl A Nelson & Company founded Nelson Plant
Services in 2002. Nelson Plant Services focus is on our
industrial clients' smaller projects(\$10,000-\$300,000)
and routine maintenance. The crews consist of

technicians, pump mechanics, welders and industrial
maintenance mechanics. Nelson Plant Services
specializes preventative maintenance, pump & conveyor
repair and capital improvements. Nelson Plant crews
have an expertise in maintaining and repairing drags

elevators, as well as, maintaining and repairing pump and
other major production equipment. Some examples of

capital improvement projects include the construction of

lines by relocating or installing new equipment and
systems.

Proctor Mechanical takes pride in their design/build
concept. They have the ability to design the projects as
well as build them. They have the capability to do this in
the following areas: plumbing, heating, air conditioning,
ventilation, and process and specialty piping.

By designing and building the project Proctor
Mechanical has a better idea of what the project entails
which helps them to create an accurate schedule and cut
costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the
following areas: underground utilities, plumbing piping,
heating piping, HVAC systems, piping, sheet metal,
controls, and extranets.

Our clients enjoy the convenience of on-line access to
project status reports. You can forget about wasting time
playing phone tag. Project information is available by
going to www.proctor-mech.com/xxxx (project number)
and entering the project's unique user name and
password. There you can access reports for quick

or print.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in All types
the following areas: plumbing, heating, air conditioning, ventilation, and process and specialty piping.

By designing and building the project Proctor

Mechanical has a better idea of what the project entails which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping, heating piping, HVAC systems, piping, sheet metal, controls, and extranets.
Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and password. There you can access reports for quick review including plumbing, heating, or print.

Des Moines Plumbing and Heating is a service division Teri Vondra

of Proctor Mechanical that provides the following services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

Contractor \$6 mil. to \$10 mil.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in the following areas: plumbing, heating, air conditioning, ventilation, and process and specialty piping.

By designing and building the project Proctor Mechanical has a better idea of what the project entails which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping,

heating piping, HVAC systems, piping, sheet metal, controls, and extranets.

Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and password. There you can access reports for quick review or print.

Des Moines Plumbing and Heating is a service division of Proctor Mechanical that provides the following

services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

Carl A. Nelson & Company, established in 1913, handles
capital projects up to \$35 million using design-build,
general contracting or construction management delivery
methods. Carl A. Nelson & Company is licensed to

across the United States and Canada. We focus on both
healthcare projects and industrial projects. The majority
of our industrial projects deal with food processing or
agriculture industrial plants. Our healthcare experience
focuses on rural or critical access hospitals and clinics.
Please see our website for examples.
www.carlanelsonco.com
Carl A Nelson & Company founded Nelson Plant
Services in 2002. Nelson Plant Services focus is on our
industrial clients' smaller projects(\$10,000-\$300,000)
and routine maintenance. The crews consist of

technicians, pump mechanics, welders and industrial
maintenance mechanics. Nelson Plant Services
specializes preventative maintenance, pump & conveyor
repair and capital improvements. Nelson Plant crews
have an expertise in maintaining and repairing drags
conveyors, screw conveyors, belt conveyors and bucket
elevators, as well as, maintaining and repairing pump and
other major production equipment. Some examples of
capital improvement projects include the construction of
scales, building additions and reorganizing production

lines by relocating or installing new equipment and
