Hydronic Energy, Inc. is a manufacturers representative serving the hydronic heating and piping markets in Iowa, Nebraska, and Western Illinois. The companies represented by Hydronic manufacture items such as pumps, heat exchangers, tanks, water heaters, boilers, cooling towers, coils, flow control valves, acid waste pipe and fittings, pre-insulated piping systems, radiant floor heat, and various accessory items. These products are distributed to mechanical contractors, universities, school districts, industrial businesses, process users, and plumbing-heating wholesalers. We work closely on new design projects with consulting mechanical engineers, architect-engineering firms, and university and school maintenance departments, as well as with industrial users on new construction and remodeling.

Experience and knowledge gained from growing up around an electrical distributorship and working eight years in distributor sales led Joe Bertsch, Sr. to form Joe Bertsch Electrical Sales Company in 1969. Starting the business with three lines, he covered the two state

territory as a one man show. From those lean days, the agency has grown, representing several leading manufacturers.

Headquartered in Cedar Rapids, IA with offices in Des Moines, IA, Omaha, and Lincoln, NE, we service Nebraska, Iowa and Rock Island County of Illinois. We are a fully computerized (with on-line capabilities) non-warehousing manufacturer's representative.

Are association affiliations include NEMRA, NEMRA Computer Users Group and BICSI.

Merchants Bonding Company was founded in 1933 in Des Moines, Iowa. We specialize only in the writing of

surety bonds. Merchants is licensed in 50 states and we maintain fully staffed underwriting offices in Austin, Texas and our home office in Des Moines. Business is written through independent insurance agencies representing our company.

The company's record is one of steady growth while maintaining a loss ratio far better than the industry average. Approximately 80% of our premium volume is from contract surety. Merchants has a bonding capacity of \$15 million per contract and we can write much larger bonds through our associated companies.

The Trane Company is a worldwide leading supplier of indoor comfort systems, with current annual sales approaching \$4 billion. Its products include modern, efficient equipment for residential, commercial, institutional, industrial and process applications. Trane is one of the four businesses of the American Standard Companies.
Known for world class quality, Trane provides reliable equipment and controls needed for today's air conditioning systems. In addition, Trane offers assistance with start-up, service and global training of the customer.
In Trane factories, Demand Flow Manufacturing*

techniques are used to assure the integrity and efficiency of production and on-time shipments.
A true global company, Trane has offices, service operations, joint ventures and manufacturing facilities around the world. All are networked to provide uniform local support capabilities such as engineering expertise, application assistance, service and parts. In addition, Trane offices offer the benefits that come with a working knowledge of local business practices, building codes, languages and currencies.

mechanical contractor that strives to offer the best
solutions for any building mechanical need for
commercial and industrial applications. President,
Dennis Sult, has over 30 years of HVACR industry
experience. Resource Services' dedicated and
industrious team of technicians and staff is our most
valuable asset. Resource Services does not believe in
telephone answering machines that waste your valuable
time. One of Resource Services' staff will always answer
our telephone 24-hours a day, every day of the year.
Resource Services believes our customers, suppliers,
and colleagues should receive and deserve direct contact
by a knowledgeable staff member. Our primary goal is to

acquire and maintain long-term, loyal, satisfied
customers by earning their business.

Contractor \$10 mil. to \$20 mil.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in the following areas: plumbing, heating, air conditioning, ventilation, and process and specialty piping.

By designing and building the project Proctor Mechanical has a better idea of what the project entails

which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping, heating piping, HVAC systems, piping, sheet metal, controls, and extranets.

Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and password. There you can access reports for quick review or print.

Des Moines Plumbing and Heating is a service division of Proctor Mechanical that provides the following services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

Contractor \$10 mil. to \$20 mil.

Proctor Mechanical takes pride in their design/build concept. They have the ability to design the projects as well as build them. They have the capability to do this in

ventilation, and process and specialty piping.

By designing and building the project Proctor Mechanical has a better idea of what the project entails which helps them to create an accurate schedule and cut costs, keeping the project on time and on budget.

Proctor Mechanical provides contract services in the following areas: underground utilities, plumbing piping, heating piping, HVAC systems, piping, sheet metal, controls, and extranets.

Our clients enjoy the convenience of on-line access to project status reports. You can forget about wasting time playing phone tag. Project information is available by going to www.proctor-mech.com/xxxx (project number) and entering the project's unique user name and password. There you can access reports for quick review or print.

Des Moines Plumbing and Heating is a service division

of Proctor Mechanical that provides the following services: after hours emergency service, backflow installation and testing, water and sewer line replacement, stop boxes, heating, cooling and refrigeration, and commercial and residential installation and repair.

industrial clients' smaller projects(\$10,000-\$300,000) and routine maintenance. The crews consist of

technicians, pump mechanics, welders and industrial maintenance mechanics. Nelson Plant Services specializes preventative maintenance, pump & conveyor repair and capital improvements. Nelson Plant crews have an expertise in maintaining and repairing drags conveyors, screw conveyors, belt conveyors and bucket elevators, as well as, maintaining and repairing pump and other major production equipment. Some examples of capital improvement projects include the construction of

scales, building additions and reorganizing production

systems.
